
Dear Sirs

Local Plan - Site SA45 – Land between Camlet Way and Crescent West, Hadley Wood

Hello my name is Daniel,

I'm 8 and I have lived at Hadley wood all my life.

I do not want you to build houses in green belt.

I go the fields there as much as I can no matter the weather. I go there for my birthday picnics in the summer and I play football all the time there.

I play water guns fights with friends and rounders. Sometimes cricket too with my big brother.

I like playing there a lot.

I make happy memories with friends and

family there .

If you build houses it will break my heart.
