

I object to draft policy DM BG16 in the Draft Enfield Local Plan.

This allocates Firs Farm Wetlands (Site ID SA59) as a site for burial and/or crematorium use. I oppose this policy because:

1. Firs Farm wetlands is a vitally important community resource, essential to the health and well being of the local people in many ways.

2. The draft policy directly contradicts strategic policy SP CL4 in the draft Local Plan. This identifies Firs Farm as facilitating and contributing towards developing sport and leisure facilities in Enfield.

3. The proposal will significantly affect the local site of interest for nature conservation, and reduce the biodiversity and nature conservation interest of first farm wetlands, contrary to several other policies in the draft local plan.

4. The proposal will reduce the effectiveness of the flood alleviation provided by First Farm wetlands, which Enfield Council has spent more than £1 million to provide.

5. The proposal will adversely affect the environment and local traffic, and this has not been properly considered in the interated impact assessmet of the draft local plan.

6. The policy introduces uncertainty into the future use of Firs Farm Wetlands that jeopardises funding for projects secured by the local community groups (e.g. Thames Water) that have been endorsed and supported by Enfield Council.

7. It would be directly opposite to Winchmore Secondary School, and as parents this would have detrimental affect on the future of our children.

I call on the Council to remove all reference to Firs Farm wetlands from policy SP CL4.

Thank you
