

I write to object to draft policy DMBG16 in the Draft Enfield Local Plan. This allocates Firs Farm Wetlands (Site ID SA59) as a site for burial and/or crematorium use. I oppose the policy because:

1. Firs Farm Wetlands is a vitally important community resources, essential to the well-being of the local people in many ways, for example walking with friends, walking dogs, playing football, etc.
2. The draft Policy directly contradicts Strategic Policy SP CL4 in the Draft Local Plan. This identifies Firs Farm as facilitating and contributing towards developing sport and leisure facilities in Enfield.
3. The proposal will significantly affect the local Site of Interest for Nature Conservation and reduce the biodiversity and nature conservation interests of Firs Farm Wetlands, contrary to several other policies in the draft Local Plan.
4. The proposal will reduce the effectiveness of the flood alleviation provided by Firs Farm Wetland, which Enfield Council has spent more that £1million to provide.
5. The proposal will adversely affect the environment and local traffic and this has not been properly considered in the Integrated Impact Assessment of the draft Local Plan.
6. The policy introduces uncertainty into the future use of Firs Farm Wetland that jeopardises funding for projects secured by local community groups (e.g. from Thames Water)that have been endorsed and supported by Enfield Council.

I call on Enfield Council to remove all reference to Firs Farm Wetlands from Policy SP CL4.
