

Dear Sirs,

**Subject: Objection to SA32, Sainsburys Green Lanes N21 3RS. Page 351 of Enfield Local Plan.
Redevelopment of supermarket and car park to mixed-use homes and non-residential floor space.**

I understand that the Sainsburys site on Green Lanes, N21 has been marked as a favourable site for future redevelopment, including 299 houses and 13,325 sqm of commercial space.

I strongly object to these proposals for the following reasons:

Local facilities

- The loss (or significant reduction in size) of a major supermarket in the area will force people to have to drive further. This would especially affect elderly and disabled residents and increase car usage on local roads.
- With the Fords Grove car park going and 14% of car parking on Winchmore Hill Broadway having gone, this development will lead to a further loss of revenue to local shops leading to potential closures.

Impact on local residents

- The increase in vehicles on the road from potential residents of this development, will increase carbon monoxide levels which will impact locals and especially school children at Highfields school.

Other issues

- This development will need to offer housing in keeping with the character of existing housing in Winchmore Hill. Enfield residents require larger, affordable family housing which this development will not be able to offer.
- Inappropriate choice of site given the close proximity of existing traditional historical properties.

I look forward to hearing from you with regards to addressing these matters.
