

Dear Sirs

Local Plan - Site SA45 – Land between Camlet Way and Crescent West, Hadley Wood

I have lived in Hadley Wood for over 10 years and regularly walk along Bartrams Lane and Crescent West overlooking this land. This land forms part of an absolutely stunning landscape which goes well beyond the borough boundary. I am very saddened by the prospect of losing this valuable green belt asset for development.

I therefore wish to strongly object to the proposed release of this green belt site and the site allocation, which would allow the development of 160 homes on green belt land for the following reasons:

This is an unnecessary large scale destruction of Green Belt.

The Local Plan proposes a quarter of the 25,000 new homes to be built on Green Belt land, in breach of national policies, the London Plan and Enfield's own Climate Change Action Plan. To build 25% of the new homes on Green Belt land cannot be justified. There is no justification why 160 out of the 25,000 homes should be built on the Hadley Wood site when such a small number of homes could easily be found outside the green belt.

Increased housing in Hadley Wood is not 'sustainable development'.

Hadley Wood is car dependent neighbourhood as local public transport links are very poor, local amenities (GP, post office, shopping, schooling, leisure) are really lacking and the existing area is prone to flooding due to inadequate sewers/drainage. Nevertheless, the Plan proposes the new housing development and site intensification without any investment to improve the infrastructure.
