

I object to draft policy DM BG16 in the draft Enfield Local Plan. This allocates Firs Farm Werlands (site ID SA59) as a site for burial and /or crematorium use. I oppose this policy because the proposal will adversely affect the environment and local traffic, and this has not been properly considered in the integrated impact assessment of the draft local plan

Please consider building something with young people in mind, knife crime is on the increase and you're removing more and more outdoor space which is used to play football and other sports to build flats and now a crem.

The priorities of Enfield council should be decreasing knife crime. Winchmore Hill, Enfield, Palmers Green, Edmonton have nothing for young people to do, nor older people for that matter, unless you want a coffee or your hair cut. Areas such as Walthamsow and harringey are thriving while Enfield gets less and less desirable.
