

I hereby formerly object to the plans to knock down Sainsbury's and redevelop the site on Green Lanes.

The impact on local residents, the increase in vehicles on this road and surrounding areas following FOX LANE LTN it's unfair to residents to increased traffic, stationary traffic increasing carbon monoxide levels.

Local Facilities

This loss of a major supermarket in the area will force people to drive further, have you thought of elderly and disabled people who cannot drive and don't have the funds to take taxis to get their weekly shop, they cannot use internet to order online. Having a dementia parent he looks forward on going to Sainsbury's here. It's what he remembers and knows. Tragic to remove a key familiar surrounding.

Pressure on other local amenities when we are already bursting at the seams.

Environmental

Impact on the green space used by families and elderly.

Thanks
