

Dear Sir/Madam,

I object to draft policy DM BG10 in the Draft Enfield Local Plan. This allocates Firs Farm Wetlands (Site ID SA 59) as a site for burial and/pr crematorium use. I oppose this policy because:

1. Firs Farm Wetlands is a vitally important community resource, essential to the health and well-being of the local people in many ways. It is always in use, full of runners, dog walkers, football matches etc and there isn't an alternative park for local people to walk to.
2. The draft Policy directly contradicts Strategic Policy SP CL4 in the draft Local Plan. This identifies Firs Farm as facilitating and contributing towards developing sport and leisure facilities in Enfield.
3. The proposal will significantly affect the local Site of Interest for Nature Conservation and reduce the biodiversity and nature conservation interest of Firs Farm Wetlands, contrary to several other policies in the draft Local Plan.
4. The proposal will reduce the effectiveness of the flood alleviation provided by Firs Farm Wetlands, which Enfield Council has spent more than £1 million to provide.
5. The proposal will adversely affect the environment and local traffic and this has not been properly considered in the Integrated Impact Assessment of the draft Local Plan.
6. The policy introduces uncertainty into the future use of Firs Farm Wetlands that jeopardises funding for projects secured by local community groups (eg. From Thames Water) that have been endorsed and supported by Enfield Council.
7. Winchmore School is situated opposite Firs Farm Wetlands & Playing Fields and as you would expect it is a noisy and busy area and it is not a suitable site for a crematorium.

I call on the Council to remove all reference to Firs Farm Wetlands from Policy DM BG10.
