

Dear Sirs

As a resident of Hadley Wood, I would like to submit my objection to the proposed development of 160 Houses on Green belt land within Hadley Wood.

My reasons for objection are listed as follows:

- **There is no valid reason or exceptional circumstances to spoil and disrupt the wildlife and vegetated habitats within the nature reserve found on the chosen site for the development.**
- **This will have a disastrous effect on the ecology and and general wildlife.**
- **The infrastructure and drainage network currently in place at the moment within Hadley Wood is struggling to cope with the existing household density and service load.**
- **Open views and green corridor between this part of Hadley Wood and High Barnet will gradually diminish.**
- **Increase in through traffic in the area will further saturate the flow on Camlet Way which forms the vital link between Chase Farm and Barnet Hospitals.**
