

Dear Sir/Madam,

As a local resident my property lies next to Sloemans Farm and I am confused over its future according to the local plan.

The Enfield Society says that the land is to be given to Spurs to promote sport facilities, however, my reading of the strategic map suggests that it is set aside for "Burial".

May I ask which of these is accurate. If it is set aside for "Burial", what does this mean?

Many thanks for your help in this matter.
