

I object to SA42 the development of Ford's Grove car park as this was allocated as free parking to make up for the loss of parking spaces when the cycles lanes were introduced on Green Lanes and will negatively impact business and shoppers, especially the disabled, elderly and those with children who will have to walk further. I also object to SA32, Sainsburys Green Lanes N21 3RS. Page 351 of Enfield Local Plan - redevelopment of supermarket and car park to mixed-use homes and non-residential floor space. Loss of this important amenity/facility would negatively impact convenience and quality of life for local residents and significantly increase pollution levels by causing an increase in driving to access other equivalent, but more distant food/retail facilities.
