

I am writing to object to the Draft Local Plan. Please consider my views along with many others that will respond to your consultation. Green Belt should not even be considered to be built on, we need this for our mental and physical health. This has become very obvious during the last 18 months or so of the pandemic.

Specifically:

I am writing to object to the following Policies: SP PL10, pages 80-87, and Figure 3.11; Policy SP PL9, pages 77-80 and Concept Plan Figure 3.10; Policy SA45: Land Between Camlet Way and Crescent Way, Hadley Wood, page 364; Policy SA54, page 374; and Policy SA62 page 383 and SP CL4 pages 277-279 – all of which propose the dedesignation of Green Belt for housing and other purposes. These sites are part of historic Enfield Chase, which is unique in the southeast and played an important role in the development of Enfield. It is a rare and valuable landscape asset and its loss would cause permanent harm not only to the Green Belt, but also to the very character of the borough. I cannot believe that any houses in this area would be "affordable", just more expensive houses like those recently built at Trent Park.

I also object to a big expansion of the Spurs football training ground to the north of Whitewebbs Lane up to the M25, comprising of 42.5 hectares of land, for “professional sport, recreation and community sports/leisure uses” (SA62 page 383 & SP CL4 pages 277–279) because they transfer part of Whitewebbs Park, a public amenity, into private management. I reject the Council’s analysis that Whitewebbs Golf Course was losing money and call for its reinstatement.

I am also objecting to Policy SA52 page 372, which would remove part of Rammey Marsh, a wildlife area and public amenity, from the Green Belt.

I am also objecting to the tall building policies on pages 156-160, Figure 7.3, Figure 7.4 and Policy DE6, and SA2 Palace Gardens Shopping Centre page 321 which propose areas for and the acceptable height of tall buildings which, in many cases would mar the landscape and are unnecessary because other lower-rise building forms could provide the same accommodation, as stated in the policy.
