

Please be advised that I WISH TO OPPOSE the above-mentioned PLAN for some of the following reasons (there are many more):

1. If the local plan goes ahead this will have a massive affect on our lives and will bring about the loss of our beautiful surrounding Green Belt.
2. Building on Green Belt is unlikely to provide affordable housing - where are the amenities e.g. shops, schools, doctors surgeries, but routes etc.
3. Building on Green Belt will give residents no choice but to travel by car to reach all amenities - clogging up the roads even more.
4. MORE POLLUTION!
5. DESTRUCTION OF OUR COUNTRYSIDE..

I could go on and on but I must reiterate that I am totally opposed to this DRAFT LOCAL PLAN. The Green Belt must be preserved and saved.
