

Objection to SA32, Sainsburys Green Lanes N21 3RS. Page 351 of Enfield Local Plan: Redevelopment of supermarket and car park to mixed-use homes and non-residential floor space.

I strongly object to this plan

You have not considered the needs of people in local community who find this is their local supermarket and easy access by car/ local transport.

The plan does not consider the people especially those elderly, those with families who rely on their daily shop within the locality which has a pharmacy also.

Schools, doctors the NHS is already overstretched. Not to mention the extra pollution the cars will bring. What effect this has on the local habitats, green areas which those in flats rely on.

Surely, now is the time to keep green areas, habitats and to safeguard the well being, mental health of people for the future not hinder it. Too many services have already been cut.
