

Dear all,

I could not get onto the survey, so I am emailing my comments.

I live near Enfield Town, and have been a resident for 30 years.

I object to building on St. Annes School site, the school is more important for all the children living in the area.

Building on the Enfield Town shopping centre will ruin the historic town centre, it needs to be a go to shopping experience. The shops still trading must be supported at all costs.

Housing needs should not be put before local businesses or drive them away, for instance at Crews Hill.
