> I object to draft policy that allocates Firs Farm Wetlands as a site for burial and / or crematorium use. I oppose this because the wetlands is an important community resource, essential to the health and mental well-being of the many local people such as myself who use it regularly.

> Firs Farm has been identified in Strategic Policy SP CL4 as contributing towards developing sport and leisure facilities in Enfield. Your proposal for a cremation seems to contradict this.

> I implore you to remove all reference to Firs Farm wetland from your draft plan for a crematorium.
