

Hello there,

I write to record my objections to the following areas in the Draft Local Plan.

- Strategic Policy SP PL10: Chase Park - I object to this land being removed from the Green Belt.
- Strategic Policy SP PL9: Crews Hill - I object to this land being removed from the Green Belt.
- SA54: Land East of Junction 24 - I object to this land being removed from the Green Belt.
- SA45: Land Between Camlet Way and Crescent Way - I object to this land being removed from the Green Belt.
- SA62: Land at Tottenham Hotspurs Football Club Training Ground – I object to additional development being considered on this area of the Green Belt.

All of the above proposals would see development considered in pristine areas of the Green Belt. These sites are part of historic Enfield Chase, which is unique in the southeast and played an important role in the development of Enfield. It is a rare and valuable landscape asset and its loss would cause permanent harm not only to the Green Belt, but also to the very character of the borough. Whilst I understand the need for further housing, in the face of the climate crisis we should be developing existing urban areas close to public transport more densely rather than destroying pristine green space.

I will never in the future vote for any council member that oversees the loss of our valuable green space, or fails to live up to claims about caring about climate change by opposing plans to develop green spaces.
