

I am writing to object to the following policies:

SP PL10 pages 80-87

SP PL9 pages 77-80

SA45: land between Camlet Way and Crescent Way Hadley Wood page 364

SA 54 page 374

SA62 page 383

SP CL4 pages 277-279

These propose dedesignation of green belt for housing and other purposes.

I believe the Green Belt should be protected and maintained for public use and to help mitigate the effects of climate change and protect wildlife. This is an important and historic part of the Borough and should be protected.

Thank you for the opportunity to express my view
