

To whom it may concern

I would like to express my thoughts on the plan to knock down st Anne's school to build a tower block!

I am a resident on Chalkwell park Ave i live at number 22 and have done for 6 years now my kids have grown up there. My eldest is in year 7 at St Ann's and my youngest will also be attending there in 5 years time, it's a lovely school and a real credit to Enfield, my daughter does PE on the field, where will they do pe if it's knocked down? They don't have facilities at the upper site for kids to be outside to exercise, we also have access to the field after 6pm and weekends, which we won't have if your plans go ahead, the amount of foxes I see on they field now is minimal compared to how many there was before the metro building went up, now we will see even less. Building flats will attract unwanted people to the area, I want to be able to sit in my garden and have peace and quiet not have building work noise and loud neighbours, Chalkwell is a lovely road and we want to keep it that way, we OPT out and do not give permission for building work to happen, we also don't want the entrance right next to our house.
