

Dear Councillor,

I am sending you my objection to the building planning permission for the detailed below.

I urge the Council to consider the needs of our Community to protect our Green areas for the benefit of physiological and mental health of its people. Destroying such a large Green Area within our perimeter is as if someone is removing a breathing LUNG from a body. The Council must consider the views of the people who live and pay for the sustainability of our local area.

I strongly object as our children deserve to have a better life. They already suffered tremendous losses from our mistakes. This is a huge local mistake.
