

Dear Sir/Madam

I am writing to object to your local

Plans to develop Greenbelt Land and in particular Vicarage Farm.

You are destroying our children's future with your obsession with making money and building houses on every conceivable area of land. Stop and think! There are many Brownfield sites you can look to develop and what's happened to the Meridian development - more failed promises!

We don't have the infrastructure, we don't have the schools, we don't have the doctors surgeries, we don't have the parking. Your policy of building houses without considering the impact on the environment and the health of existing residents is deplorable. Traffic in Enfield is bad enough as it is without inviting thousands more families to live here.

Stop the greed, stop destroying our countryside and stop destroying the lives of your constituency and our children.

Just stop!!
