

To whom it may concern

I would like to express my support and endorsement of comments made by my husband Martyn Lee at the same address and formally confirm my key objections as follows.

A) I object to the following Policies: SP PL10, pages 80-87, and Figure 3.11; Policy SP PL9, pages 77-80 and Concept Plan Figure 3.10; Policy SA45: Land Between Camlet Way and Crescent Way, Hadley Wood, page 364; Policy SA54, page 374; and Policy SA62 page 383 and SP CL4 pages 277-279 – all of which propose the dedesignation of Green Belt for housing and other purposes. The loss of this valuable landscape asset would cause permanent harm not only to the Green Belt, but also to the very character of the borough.

B) I object to Policies SA62 page 383 and SP CL4 pages 277-279 because they transfer part of Whitewebbs Park, a public amenity, into private management. I reject the Council's analysis of the viability of Whitewebbs Golf Course and call for its reinstatement.

C) In respect of Chapter 5, question 3: I believe that developers should substantially foot the cost of all health, social, educational facilities and local infrastructure needs generated by any new housing development, no matter how many new homes are built.

In summary, the council pays lip service to reducing air pollution, reducing flood risk, enhancing and increasing habitat and wildlife, improving perceptions of the borough, ameliorating high temperatures, increasing tree canopy while simultaneously proposing re-designating green belt land which will have the inverse effect.
