

To whom it may concern,

Please accept this email as my objection to the proposal for another crematorium in and around Firs Farm Wetlands.

There is no need for another crematorium, when there is one just 5 minute drive up the A10.

The wetlands area is a fantastic space, filled with wildlife and nature. My family very regularly visit on walks and social events. The whole family really appreciate it. Without the wetlands, the area would not be as appealing.

The wetlands area should be left alone and I want to register my objection to the proposals. No development, no cemetery extension or crematorium should be built on the existing space.
