

Dear Sir/Madam,

Re: Draft Local Plan regarding the consultation on the development of a crematorium in Firs Farm Wetlands Park and Playing Fields.

I email to Object to the draft Policy DM BG16 in the Draft Enfield Local Plan. This allocates Firs Farm Wetlands (Site ID SA59) as a site for burial and/or crematorium use.

- I oppose this policy because the draft Policy directly contradicts Strategic Policy SP CL4 in the draft Local Plan. This identifies Firs Farm as facilitating and contributing towards developing sport and leisure facilities in Enfield which are crucial for young people's, children and all others well-being and health.
- Furthermore the proposal will significantly affect the local Site of Interest for Nature Conservation and will reduce the biodiversity and nature conservation interest of Firs Farm wetlands which is an incredible conservation land with an absolutely beautiful, Green environment hugely enjoyed by so many people.
- I oppose this draft Policy because I have lived by Firs Farm and the wetlands for approximately 41 years and whilst I rejoiced at the beauty of the wetlands now I feel so let down by the Council of Enfield and its planners.

I am shocked and astounded at the thought that the Council in all its wisdom is planning to build a crematorium in a green space destroying wild life, daily walks by so many people and as far as Nature is concerned it will be its death and future generations will be so affected for the actions of today.

I CALL ON THE COUNCIL TO REMOVE ALL REFERENCE TO FIRS FARM WETLANDS FROM POLICY SP CL4
