

1. I am writing to object to the following Policies: SP PL10, pages [80-87](#), and Figure 3.11; Policy SP PL9, pages [77-80](#) and Concept Plan Figure 3.10; Policy SA45: Land Between Camlet Way and Crescent Way, Hadley Wood, page 364; Policy SA54, page 374; and Policy SA62 page 383 and SP CL4 pages [277-279](#) – all of which propose the dedesignation of Green Belt for housing and other purposes. These sites are part of historic Enfield Chase, which is unique in the southeast and played an important role in the development of Enfield. It is a rare and valuable landscape asset and its loss would cause permanent harm not only to the Green Belt, but also to the very character of the borough.
2. I also object to Policies SA62 page 383 and SP CL4 pages [277-279](#) because they transfer part of Whitewebbs Park, a public amenity, into private management. If there has to be green belt land used for housing then the whitewebbs public golf courses in Enfield could be redesignated as they are poorly used green spaces when compared to no. Of people for park use. They also tend to use fertiliser on the grass causing contamination of nearby streams and brooks. I support GLA looking to redesignate the golf course classification.
3. I am also objecting to Policy SA52 page 372, which would remove part of Rammey Marsh, a wildlife area and public amenity, from the Green Belt.
4. I also object to Policy DM BG10 on p380, the loss of public space and amenity from the conversion of the recreation fields at Firs Farm and to the east of the A10 (south of Church Street) for crematorium use
5. I also object to SA42 the development of Ford's grove car park as this was allocated as free parking to make up for the loss of parking spaces when the cycles lanes were introduced on Green Lanes and will negatively impact business and shoppers, especially the disabled, elderly and those with children who will have to walk further.
6. I also object to SA32, Sainsburys Green Lanes N21 3RS. Page 351 of Enfield Local Plan - redevelopment of supermarket and car park to mixed-use homes and non-residential floor space. This is an important shopping asset and green park provides biodiversity and SuDS drainage.

I understand that MHCLG have now relaxed mandatory housing targets so can you please review your provisional housing proposals.

Regards

Helen Masterson.
