

To Enfield Council,

Policy SP PL 10, p80-87, I object to the loss of a vital and historic part of Enfield Chase and the Green Belt at Vicarage Farm. This open space is a key part of Enfield's character and will erode the area forever.

Policy DE6 and SA2 Palace Gardens, p321, the encouragement for tall buildings in such a sensitive location is a flagrant disregard for Enfield Town's historic architecture. There is no precedent for this apart (ironically) from the Council's own offices. It is inappropriate and would damage forever the character of the Town. The policy must be altered.
