

I am writing to object to the proposal to build 3,000 new houses at a 'deeply green' 'sustainable urban extension' referred to as 'Chase Park' (also known as Vicarage Farm) on the open Green Belt countryside next to Trent Park either side of the A110 (Enfield Road) between Oakwood and Enfield town (**Policy SP PL 10, pages 80-87, and Figure 3.11**);

I also object to the plan to build:

- 3,000 new houses in a 'sustainable settlement' at Crews Hill with the potential for longer term expansion up to 7,500 new homes right up to the M25. (**Policy SP PL9, pages 77-80 and Concept Plan Figure 3.10**);
- 160 homes in Green Belt countryside at Hadley Wood (**SA45: Land Between Camlet Way and Crescent Way, Hadley Wood, page 364**);

And I object to the policies which propose the dedesignation of Green Belt for housing and other purposes. These sites are part of historic Enfield Chase. It is a rare and valuable landscape asset and its loss would cause harm not only to the Green Belt, but also to the character of the borough.

I am also objecting to Policy SA52 page 372, which would remove part of Rammev Marsh, a wildlife area and public amenity, from the Green Belt.

I am also objecting to the tall building policies on pages 156-160, Figure 7.3, Figure 7.4 and Policy DE6, and SA2 Palace Gardens Shopping Centre page 321 which propose areas for and the acceptable height of tall buildings which, in many cases would mar the landscape and are unnecessary because other lower-rise building forms could provide the same accommodation, as stated in the policy.
