

My comments/contribution are as follows:

SA2: Can LB Enfield allow the developer to demolish and rebuild the Council multi-story carpark to allow apartments to be built over it, thus possibly reducing the height of the development by spreading it sideways?

SA36 Required S106 agreement to install and allow operation of floodlights for Broomfield School's astro pitch to allow hockey to be played. Pitch to be refurbished as it is life-expired. This will allow new residents to have an active life within walking distance.

SA38 Required S106 agreement to install and allow operation of floodlights for Broomfield School's astro pitch to allow hockey to be played. Pitch to be refurbished as it is life-expired. This will allow new residents to have an active life within walking distance.

BG1: Broomfield Park should be linked to the Green Loops or Green Links.

BG1: Broomfield Park should be linked to Arnos Grove and Southgate Green

PL10: Chase Park - I am concerned about the 19th Enfield Scout Hut which should be left alone.

PL10: Chase Park. Confirmation is required that this will not produce another North-South road between Hadley Road and Enfield Road
