

Dear Sir/ Madam

My understanding is that the 12 week consultation is coming to an end this evening for the green belt/jobs/car parks.

Only found out about it a few days ago by the conservative circulatory leaflets – which doesn't surprise with the hush hush approach from enfield council

1stly you have ruined Southgate and the surrounding areas with the LTN, and now you are looking to destroy Winchmore Hill with the Sainsbury site – but then again ruin Arnos Grove and Cockfosters/Southgate with the building on tube station car parks .

In summary you are destroying enfield.

I completely object to the LTN – could stand it no longer with the groundhog repetitive nature of 1 way road – difficult for family to visit us – and then constant traffic on aldermans hill – YOU HAVE COMPLETELY RUINED SOUTHGATE – WITH CONTINUOUS TRAFFIC ON HIGH STREET, BOURNE HILL, GREEN LANES AND ALDERMANS HILL – made the area a no go zone – difficult to get to work, family, school and words cannot explain my frustration and mental health on this matter for me and my wife and Kids.

Next – I completely object to replacing sainsbury'sN21 with housing – what about the infrastructure? – doctor's surgeries, schooling, road traffic – sainsburys will sell up to the highest bidder anyway and enfield council will pass any preliminary plans to get their S106 contribution.

I completely object about the building on tube car parks - And then building on the Arnos grove and Cockfosters car parks / southgate car parks – I attended the showcase at Garfield primary school – a joint venture with grainger homes – another profiteering venture for enfield council. Please advise – you encourage public transport into London –and then cannot take your family with car to park at a tube station to get into central London.!!!

The most absurd of all is that you have made broomfield park tennis courts – pay courts and pay to enter. Lovely courts – shame no member of public uses.

For 10s of years we and our kids have all learnt to play tennis, ride our bikes, and roller skate on those courts – and now you have lovely courts – restricted and no one will use –

and yet we are trying to encourage kids to play sport and be the next Emma Radacanu. Fat chance –as you have destroyed that chance.

Enfield council is going to pot – all your fault – am so distressed by your proposals. I cannot put all of my frustration on paper – too many words to put on paper - but who is running this council ? People with no idea like Councillor Barnes.

And I have been a lifelong resident. But you are driving out us. This really is a human rights issue.
