

Subject: Draft Local Plan - Site SA45 (Land between Camlet Way and Crescent West, Hadley Wood) and Intensification Zone around Hadley Wood station

Dear Sirs,

I have lived in Hadley Wood for over 8 years with my family and what attracted us to Hadley Wood was the tranquil surrounding of the greenery and the outdoor that we were so much used to in Essex. The Green Belt area surrounding gives unique characteristics to Hadley Wood. Our weekend's activity is taking long walks, riding bikes; do not wish the stunning landscape, and tranquillity to spoil by this proposed development.

Hence, I strongly object to the proposed site allocation on this Green Belt area for the development 160 homes.
