Dear Sir / Madam

Re: Draft Local Plan Reg. 18 Consultation 2021 - Green Belt.

I am writing to object strongly to any part of the Green Belt being relinquished for housing or other purposes, as to my mind this does not constitute exceptional circumstances.

Once housing encroaches the Green Belt it sets a precedent.

Essential housing should be built on land that is suitable for development.

Previous generations have neglected the Green Belt.

Now it has been entrusted to the present generation to ensure that it remains for the enjoyment of future generations.

Yours faithfully
