To Whom it May Concern

Re: Enfield Local Plan Consultation

I write to register an objection to projected developments on Green Belt Land.

- 1) There is a need for housing, brown field sites abound, but not as lucrative for developers.
- 2) Enfield Roadways cannot sustain an increased traffic flow; any necessary works such as water, gas or telecommunication cause significant and frequent backlogs.
- 3) As a country, in the future, we may have cause to need all available agricultural land.

Please give the above your consideration.
